Subject: **Coming Soon — Two New Ways to Access Your Benefits**

We know that University System of Georgia benefits are important to you and your family. They offer protection, peace of mind and comfort — and you want to make the most of them.

On June 26, 2017, we are introducing two new ways to access your health and group benefits:

- **OneUSG Benefits Connect:** This new, secure website will provide you with 24/7 access to your USG benefits — all year long.
- **OneUSG Benefits Call Center:** You will be able to get expert help with your benefits through the convenience of a toll-free telephone number.

The new website and call center will replace the way you currently enroll for benefits, update your benefits due to life status changes, and review your current benefit elections.

Rest easy! Your benefits are not changing

Even though you will soon have two new ways to access your benefits, **your 2017 benefits are not changing**. (As always, you can modify your benefits when you experience a qualifying life status change, as well as during the next annual Open Enrollment period in fall 2017.)

What's next?

There is nothing you need to do now. Later this spring, watch for more information on how you will be able to reach the OneUSG Benefits Connect website and the OneUSG Benefits Call Center.

If you have questions now, please email them to benefits@kennesaw.edu or contact the USG Shared Services Center (1-855-214-2644 or helpdesk@ssc.usg.edu).

Thank you for your service to our institution.
